Vendor Rules and Regulations

Fees are for space only. *Electricity is \$25.00 extra for each 15 amp plug required.* Vendors who pay for electricity are provided one standard duplex receptacle rated 120 volts, which is supplied by a 20 amp breaker. Please be aware all receptacles are ground fault protected and if your equipment is not wired correctly it will not work. (Try it at home before you come on a GFCI protected receptacle. Adapters out of 2 different plugs will not work and no provisions are made for 240 volts.) *Generators must be caged.* Any generator deemed unsafe or excessively noisy by our master electrician will be shut down and \$50.00 will be charged for an electrical hookup at that time.

This is an outdoor event with no rain date scheduled. Be prepared for the elements. As the booth spaces are right on the street, you should bring protection from both the sun and the rain. Also, you must provide your own tables and chairs. No vehicles on festival grounds will be allowed between 9:00 am to 4:00 pm. Festival grounds will be open to vendors at 7:00 am and officially opens to the public at 9:00 am. Trailers may set up at 6:30 am.

All prices must be posted. We limit vendors of similar products, spaces will be allotted on a first come first served basis.

Helpful hints: Food vendors, specials for small children are recommended to increase volume sold. Smaller portions for less money will do better than the reverse. Crafters, children's items and items under \$5.00 sell best, bring extra business cards and flyers.

Refund Policy: Except for a \$5.00 processing charge, cancellations up to May 15th will receive a refund of all fees. Cancellations after May 15th forfeit their fees. Any vendor asked to leave on festival day for misconduct or infringement of the rules will **not** receive a refund.

ADA needs: _____

No smoke bombs, stink bombs, nunchucks, weapon type toys, silly string, popping or exploding toys, or items deemed inappropriate shall be sold or given away as prizes at the festival.
